Company Hiring Additional Staff

AviationManuals Marks 20th Year Serving Business Aviation

Washington, D.C., Oct. 17, 2016 – AviationManuals, the leading provider of aircraft operations manuals and safety management system (SMS) software, is celebrating its 20th year of industry support.

In the past 20 years, the company, founded in 1996 as Assessment Compliance Group, has produced more than 4,000 manuals and supported more than half of IS-BAO registered operators. Based in the Washington, D.C. area, AviationManuals provides operations manuals and ARC, an SMS software, to business aviation flight departments, aircraft management companies and independent owner operators worldwide.

“Our mission is to simplify the development of manuals and the implementation of SMS systems for operators. We believe these are important tools for any operator and we pride ourselves in providing them affordably and expeditiously,” said CEO Mark Baier. “We are unique in that our growing team of industry experts are full time employees which has allowed us to develop a culture of passion for keeping clients up to date with the newest standards and industry best practices.”

The company recently expanded its product line to include tailored Minimum Equipment Lists (MELs) and Electronic Flight Bag (EFB) application packages. Products and services include ARC Safety Management System (SMS) software, Flight/Company Operations Manuals, International Operations/Procedures Manuals, Minimum Equipment Lists, Emergency Response Plans, and Internal Audit Programs, as well as Letters of Authorization (LOA) support for RVSM, Data Link (CPDLC / ADS-C), EFBs and ADS-B operations.
