

## **AviationManuals and AeroEx Form Partnership to Streamline Part-NCC Compliance Process for Business Aviation Operators**

**Washington, D.C., and Buchs, Switzerland May 28, 2018** – AviationManuals, the leading provider of aircraft manual development services and Safety Management System (SMS) software for business aviation, and AeroEx, Europe’s foremost aviation industry regulatory compliance consultancy group, jointly announced today at EBACE 2018 the formation of a partnership to provide affordable, convenient and comprehensive Part-NCC solutions and support for non-commercial operators.

Via this partnership even operators with limited resources can have access to professional development support on manuals and SMS as well as ongoing Part-NCC compliance monitoring support and expertise.

“With Part-NCC now in place, it is critical that flight operators develop a robust foundation through comprehensive documentation and an effective digital SMS platform, but also maintain ongoing compliance standards. This is particularly true as more and more flight operators are being audited by their home base countries’ authorities,” said AviationManuals CEO Mark Baier.

“By joining forces with AeroEx we are combining each of our industry-leading strengths to provide solutions to even the least complex Part NCC operators.”

“AeroEx has always sought to support operators in their efforts achieve and maintain the highest standards possible. With this partnership we can now expand that support to a much broader number of operators and do so in an efficient and affordable way,” said Joel Hencks, Managing Director at AeroEx. “Through this joint effort, AeroEx will continue to provide its proven advisory services and compliance management support. Fusing those solutions with AviationManuals’ effective manuals and online SMS solutions, we believe our packages can become the ‘go-to’ solution for any operators falling under Part-NCC regulations.”

Services will include: manual development and editing, compliance monitoring and related advisory services, interim management, training, online mobile SMS including, risk assessment tools, and forms.

AviationManuals will be exhibiting at booth # J35e at EBACE 2018, May 29-31.

## **About AviationManuals**

AviationManuals, based in the Washington, D.C. area, provides operations manuals and SMS software to business aviation flight departments, aircraft management companies, and independent owner / operators worldwide. Founded in 1996, the company has produced thousands of manuals and supports over half of IS-BAO registered operators.

Products and services include Safety Management System (SMS) software, Flight/Company Operations Manuals, International Procedures Manuals, Minimum Equipment Lists, Emergency Response Plans, and Internal Audit Programs, as well as Letters of Authorization (LOA) support for RVSM, Data Link (CPDLC / ADS-C), EFBs and ADS-B operations.

AviationManuals is a member of the National Business Aviation Association (NBAA) and a part of its Leadership Council, International Business Aviation Council (IBAC), Flight Safety Foundation and National Aircraft Resale Association (NARA).
